- Existing Coastal Boundary Dispute between Bacnotan and Balaoan might affect the implementation of the Provincial Foreshore Development Management Plan;
- The stated programs, projects and activities in the plan should be consistent with those identified in their Local Development Investment Plan;
- •The Tourism Development Strategy and Thrust is only focused in Immuki Island;
- · Although already indicated in their zoning ordinance, the Provincial Foreshore Development Plan should still need to be integrated in the Ecosystem Analysis, in the Climate and Disaster Risk Assessment, and in the Policy Interventions of the CLUP:
- Although tourism is included as part in the Development Thrusts and Strategies, there are no programs, projects or activities identified in the LDIP to support the strategy and this is very important since this is one of the bases for alignment in the Agri-Tourism Vision-Mission of the Province and to their own Vision-Mission as well;

MESSAGE OF THE MUNICIPAL MAYOR

First, let me take this opportunity to thank the Housing and Land Use Regulatory Board (HLURB) for their invaluable support and guidance in the preparation of this plan. To the CLWUP Planning Team, local officials, and to everyone who contributed in the formulation of the plan, thank you and congratulations!

I am deeply honored to present to the people of Balaoan this Comprehensive Land and Water Use Plan (CLWUP) of the Municipality for the year 2018-2028.

Section 20 (c) of the Local Government Code of 1991 mandates local government units to prepare their respective Comprehensive Land and Water Use Plans enacted through a zoning ordinance which shall be the primary and dominant bases for the future use of land and water resources. The Comprehensive Land and Water Use Plan is a long-term management plan that serves as the skeletal framework of the territory's physical development. It identifies areas where development can and cannot be located and directs public and private investments accordingly. Generally, this document defines goals, objectives, and strategies of the municipality to rationalize the allocation and proper use of our land resources under a ten-year planning period.

Blessed with rich natural resources and tourism potentials, good road networks and other advantages, our town abounds with development opportunities. Hence the completion of the plan is very timely and important for the municipality to attain development to its fullest potential.

However, as the famous painter Pablo Picasso once said, "Our goals can only be reached through a vehicle of a plan, in which we must fervently believe and upon which we must vigorously act. There is no other route to success."

This plan is just the first step on our road to development. Bigger challenges still lie ahead as we implement this plan. I therefore encourage and call on everyone to rally behind the implementation of this Plan, keeping in mind our vision to make the Municipality of Balaoan a model for development and progress.

Tuloy ang Aksyon... Aksyon Itan Balaoan! Aksyon Latta Balaoan!

MESSAGE OF THE MUNICIPAL VICE MAYOR

The Municipality of Balaoan is at the wheel of its development especially on the Infrastructure and Economic sector. Leaders, lawmakers, employees and constituents join hands to face the challenges in achieving the mission and vision of the municipality.

Being the head of the lawmakers, it pushed me to be proactive in initiating drastic measures in the Sangguniang Bayan Office such as the formulation of Mandatory Codes namely: The Code of General Ordinances, The Environment Code, The Investment and Incentives Code, The Revised Revenue Code, The Tourism Code, The Market Code, The Sanitation Code, The Traffic and Transportation Code and The Public Private Partnership Code and also the enacting of various Ordinances beneficial to the public.

Another milestone in my political career as a public servant is the adoption of the Comprehensive Land and Water Use Plan 2018-2028 of the municipality. It will serve as a guidepost in addressing pressing issues and concerns on zoning and land use development of the municipality. It embraces the entire territorial jurisdiction of the municipality as it addresses the multi-faceted concerns of the various sectors. It is comprehensive as it translates the proper development goals, objectives and policies into a spatial plan indicating the proper allocation of land and water resources taking into account sustainable development without risk to the environment.

As a public servant, I strongly believe that having this CLWUP as a guide will positively divert the municipality into a more vibrant socio-economic and geophysical environment as well as addresses the challenges which the future governance of our municipality will encounter.

HON. CARLO CASTOR U. CONCEPCION

Municipal Vice Mayor

FOREWORD

The Local Government Code of 1991 otherwise known as the Republic Act No. 7160 serves as the basis for land use planning for local government units. The policy embodies the "genuine and meaningful autonomy" to the Local Government Units to enable them to attain the fullest development as a self-reliant community with the utilization of limited resources as they become more productive partners in nation building.

To comply with the requirement of Article 41 of the Implementing Rules and Regulations of the Local Government Code of 1991 (Sec. 20. RA 7160) the Municipality of Balaoan, La Union prepared its Comprehensive Land and Water Use Plan and enacted through a Zoning Ordinance.

The CLUP was prepared by the Municipal Planning Team with the technical assistance of the Housing and Land Use Regulatory Board, Region 1 in accordance with the updated planning guidelines which requires the mainstreaming of climate change adaption and disaster risk reduction and the standards based on reports, data, plans and recommendation of different concerned departments in their assigned sectoral developments.

The CLWUP of Balaoan shall be the primary and dominant guidepost or blueprint for the appropriate use of the natural resources, preserving special natural features of environmentally critical areas, allocation of land for settlements, industries and other urban uses on land least suitable for agricultural uses, and serve as a basis for reclassifying and converting lands. Second, CLWUP serves as a guide for the orderly development of Balaoan to promote the health, safety, welfare and convenience of the population. Third, it translates socio-economic policies to physical policies and plans to promote sustainable development without risk to the environment.

ACKNOWLEDGEMENT

The Municipality of Balaoan, La Union, thru the efforts of the Municipal Planning and Development Office would like to express its heartfelt appreciation for the invaluable support and cooperation of the following:

Housing and Land Use Regulatory Board, Region 1
Provincial Planning and Development Office
Philippine Statistics Authority
Department of Education
Department of Environment and Natural Resource
CLUP Technical Working Group (TWG)
NGOs, CSOs, and other various stakeholders

Likewise, the Municipal Government of Balaoan would like to extend its profound thanks and gratitude to the HLRUB Regional Staff, and the Members of the Provincial Land Use Committee (PLUC) for their support and participation in the successful completion of the Balaoan Comprehensive Land and Water Use Plan.
